

COGNIVANCE

GAME TESTER (QA ASSOCIATE)

Entry Level / Freshers Opportunity

Employment Type	Full-Time	Work Mode	100% Work From Home
Salary	3.3 LPA – 4.5 LPA	Interview Process	2 Rounds – HR + Client
Experience	Freshers / Entry Level	Typing Speed	Minimum 30 WPM

About the Role

We are looking for detail-oriented and analytical **Game Testers (QA Associates)** to join our team and contribute to the testing of upcoming PC and console game titles. This is an excellent opportunity for freshers interested in building a career in **Game QA and Software Testing**.

Key Responsibilities

- Test game builds to identify bugs, glitches, functional issues, and performance problems.
- Execute assigned test cases and document results accurately.
- Identify, reproduce, and report defects with clear steps and relevant details.
- Perform functional, regression, and user-experience testing.
- Maintain daily testing logs and QA reports.
- Collaborate with QA leads and development teams to communicate reported issues.

Eligibility & Requirements

- Graduate from any discipline; freshers are welcome.
- Strong attention to detail and analytical thinking.
- Good written and spoken English.
- Basic computer proficiency and ability to learn new tools.
- Genuine interest in gaming, particularly PC gaming.
- **Minimum typing speed of 30 WPM.**
- Ability to perform repetitive testing tasks while maintaining accuracy.

Perks & Benefits

- 100% Work From Home
- Paid training with structured hands-on guidance
- Exposure to global AAA game development projects
- Performance-based career growth opportunities

Selection Process

Round 1 – HR: Communication, eligibility, gaming interest and overall fit

Round 2 – Client: Role-specific assessment and evaluation
